NOVEMBER 2004 DESIGN ENGINEERING AND RELATED SERVICES SOLICITATION

TRANSPORTATION DISTRICT 3

Scope of Service Narratives:

D3 1A

Project ID: 4686-02-00

The department is soliciting for consultant design services for a structure. This project involves concrete deck repair, polymer modified asphalt overlay, and the replacement of existing bearings for structure B-70-61 (USH 10/STH 441 over Little Lake Butte des Morts) in Winnebago County. Consultant will be responsible for all aspects of design including the structure plan. It is anticipated that the environmental documentation will be a type III pER. There is no real estate acquisition.

Please contact Bill Bertrand at (920) 492-5708 with any questions.

D3 1B

Project ID: 9160-09-00

STH 180 – USH 41
Hall Avenue, City of Marinette
STH 64
Marinette County

The department is soliciting consultant design services for the reconstruction of STH 64 (Hall Avenue) within the city of Marinette. The project length is approximately 1.1 miles.

This project includes reconstruction of the existing urban cross section to a new urban cross section. Right-of-way acquisition may be needed for the project. The selected consultant will provide all services necessary to complete the PS & E, including survey, environmental assessment, utility coordination, right-of-way plat (if required), public involvement and preliminary and final design. Community sensitive design (CSD) funding is available to the city for aesthetic enhancements. The PS & E is currently scheduled for August 2009.

The city of Marinette plans to replace its existing utilities (sanitary and water) during this project. The utility plan development is not included in this solicitation.

For further information, please contact Paul Vraney, Wisconsin Department of Transportation, District 3, at (920) 492-5999.

Scope of Service Narratives:

D8 1C

Project ID: 8747-06-00

Use the DT1821 Consultant Solicitation for Local Selection NOI provided for this project

CONCEPT DEFINITION REPORT **REVISED**

Wisconsin Department of Transportation District 8

DT1627 99

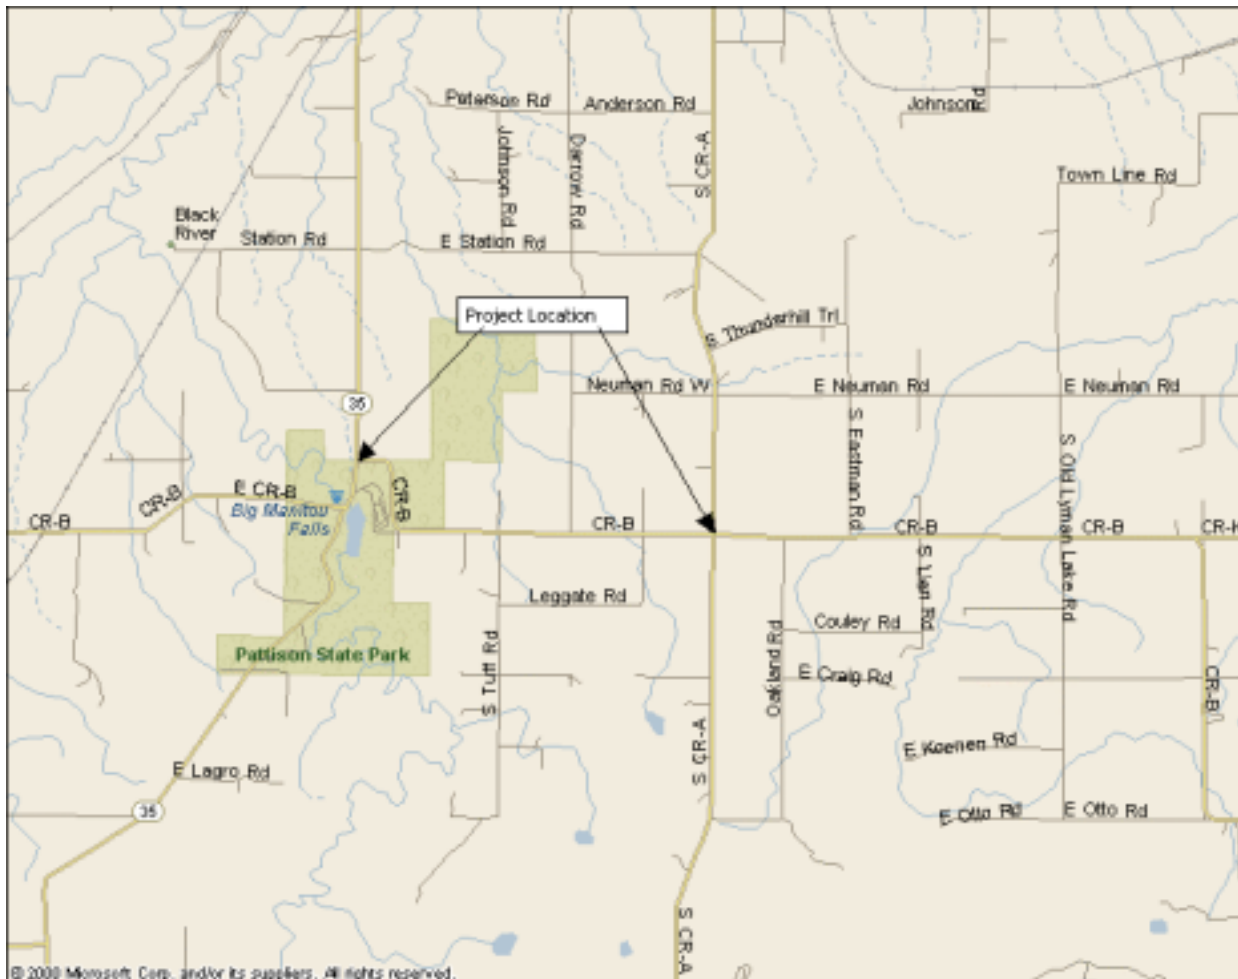

WisDOT Project ID Number 8747-06-71		Form Preparation Date February 18, 2004	
Highway or Local Road Name CTH B	Hwy N°/Letter B	County Douglas	Length 3.0 miles
Project Limits/Title STH 35 – CTH A		Functional Class Major Collector	Current ADT 1500
Project Description/Location (Sec-Twn-Range) Reconstruct roadway		Is Roadway on the National Highway System (NHS)? <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO	
Roadway Condition			
Pavement:	Type Asphaltic	Width 22'	Year N/A
	Pavement Serviceability Index (PSI) N/A	Pavement Distress Index (PSI) N/A	International Roughness Index (IRI) N/A
Shoulder:	Type Gravel/Turf	Width 1'-2'	Year N/A
Substandard Alignment:	Horizontal <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO	Vertical <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO	Accident Rate Unknown
Structure Condition			
Bridge: N/A	Number	Type	Year Constructed
	Existing: Proposed:		
	Clear Roadway Width	Sufficiency Rating (SR)	Rate Score (RS)
Justification for Project—Describe Why Project Is Needed The existing pavement is in poor condition. The shoulder width is substandard based on traffic volumes. There are two substandard horizontal curves.			
Proposed Improvement—Describe Scope of Work Reconstruct the roadway to meet current standards, relocate two substandard horizontal curves, replace drainage structures, and place 4" HMA pavement to 24' width and CABG shoulders to 6' width. The curve relocation will involve Pattison State Park land.			
THIS PROJECT IS NOT LOCATED IN A FLOOD HAZARD AREA			
Environmental Document Type II EA	Improvement Type Reconstruct	Cost	Program Year 2006
Local Approving Authority Douglas County	Local Participation 20%	Program Approval Date 6/29/01 (00) 2/12/04 (71)	Access Control None
Information Below to Be Completed by the WisDOT District Office			
Design ID: 8747-06-00	Related ID's: 8747-06-21	PMSID	Program: 206
Project Supervisor: David Ostrowski			
WisDOT District Approvals			
Local Roads/Programming Approval	Date	Systems Planning Manager Concurrence	Date

BUREAU OF EQUITY AND ENVIRONMENTAL SERVICES (BEES)

Scope of Service Narratives:

BEES 1B

Project ID: 1009-04-01

Statewide Master Contract – 2 contracts will be awarded

Use the DT1819 NOI created for this project. This solicitation is open to consultants who are NOT on the WisDOT's Roster of Eligible Consultants as well as those who are.

This is a statewide master contract for providing biological information relating to department projects. Biological information may be general such as species lists or description of dominant vegetation types. Information may also be highly specialized to a specific group of plants or animals such as mussels, dragonflies, aquatic plants, or large mammal carnivores. Types of data gathered may include species identification, locating species on maps, population trends and analysis, recommendations, description of field techniques, sources of data, report writing, and monitoring populations before, during and after transportation projects are implemented. Participants in this work shall have intimate knowledge of endangered and threatened species, their occurrence in Wisconsin, potential habitat for such species, and effects of proposed department projects. This work may also involve providing information for biological assessments for Section 7 of the federal Endangered Species Act, or information for other agency coordination with the Wisconsin Department of Natural Resources or the U.S. Fish and Wildlife Service. Permits from the Wisconsin DNR or U.S. Fish and Wildlife Service may be required for this work. The consultant shall obtain all necessary permits needed to perform biological work. This statewide master contract will allow the consultant to sublet or assign a portion of services covered by work orders issued under this contract in excess of one-half the work order.

The contract price will be based on the selected consultant's actual costs plus profit. Actual costs will be defined as those costs allowable under the cost principles in Part 31 of Federal Acquisition Regulation (FAR). Consultant costs including indirect cost rates and cost accounting system will be subject to audit. Consultant firms that are unable to account for costs consistent with requirements of the FAR are not eligible to contract. Consultants selected will be required to either submit or have on file with WisDOT a Consultant Financial Report prior to contract execution. Information on the report may be found at <http://www.dot.wisconsin.gov/business/engrserv/caufinancial.htm>.

For more information contact Gary Birch at (608) 266-1017.
